Message

I am happy to learn that this year Central Vigilance Commission has chosen 'Eradicate Corruption – Build a New India' as the main theme for the Vigilance Awareness Week from 29th October to 3rd November, 2018.

Our vision of New India envisages our country as free from poverty, corruption, terrorism, communalism and casteism. It embraces the vision of our country united in adopting the norms of good governance and ensuring education to its budding generation and medical facilities to all its citizens. Corruption is one of the biggest obstacles to the progress of our country. It impedes the rate of economic growth. The New India of our dream will see transparent and efficient administration where there is no space for corruption.

I hope that the deliberations during the 'Vigilance Awareness Week' will strengthen our resolve to fight corruption and provide transparent and efficient administration.

I wish the Vigilance Awareness Week 2018 all success.
