TENDER NOTICE

SUB : TENDER APPOINTMENT OF STRUCTURAL ENGINEERS FOR ISSUANCE OF STABILITY CERTIFICATE FOR OUR BARSHI MILLS DURING THE PERIOD 2018 TO 2022

Barshi Textile Mills, Barshi Unit of National Textile Corporation Ltd., (W.R.) invites sealed tender for appointment of structural engineers Government approved valuer for issuance of stability certificate for our Mills during the period 2018 to 2022.

You are requested to submit offer for the same in line with the requirements as given Annexure – 'A' on or before 19.05.2018 up to 13.00 hrs. Tenders will be opened on the same day at 16.00 hrs.

GENERAL TERMS AND CONDITIONS

1. All the structures in the mill units shall be inspected block wise and necessary tests carried out as required for mills. The inspection shall cover all the works of engineering, construction, such as building, tanks, scaffolding, platforms, Chimneys, bridges, walls and supporting structural work stipulated by the Chief Inspector of Factories. The tenders may visit the mills, if necessary, to assess the scope of work and shall highlight the dangerous portions of the blocks from the safety point of view and suggest remedial measures.
2. The inspection shall result in submission of detailed report and measures to strengthen all the weak structures with special emphasis on prevention of collapse in the next five years. Also in the report an indicative approximate estimated cost of repairs for such job will have to be indicated separately against the structures which are reported to be weak and need repairs. (However please note that a separate quote is being asked for towards consultation charges for preparations of detailed estimate for necessary repairs jobs to be done as indicated in the stability report).
3. The inspection report shall be submitted in triplicate for the guidance of them ill management.
4. The stability certificate in required format as per factory Rules – 3 A shall be prepared and submitted to the Factory inspectorates with a copy to mills, well within the required time of 3 weeks which would be a valid for 5 years i.e. upto 2022.
5. The professional services shall include, obtaining modification of the certificate, as and when required during the next five years, if it is necessitated by any repairs or strengthening measures adopted by the mills to prevent collapse of the structure but shall not include such of medication necessitated by revision of the machinery layout or additions and alterations to structures in future.
6. The structural engineers shall give the clarification that may be required by the directorate of industrial safety and health during the period of 5 years.
7. The professional's charges to be quoted shall be on lumpsum basis per mill unit and not on the area basis.
8. The structural Engineers may charge visit fees for any consultation about the structural repairers etc., when called by the mills (Please see Annexure – A)
9. It will be the endeavor of all them ills to extend full co-operation to the consultants in their work and shall try and furnish drawings, structural details etc., as far as possible. But the mill units being old structures, it may not be possible always to furnish such details. In such cases, the consultants will have to ascertain and collect such details on their own.

10. BLOCK PLAN OF THE MILLS

- a. Block plan of the mill units will be made available to the structural Engineers by the mill units. During the inspection along with the Engineer of the mills, modifications if any, in the block plan may be seen and the up dated block plan shall be furnished by the Structural Engineers. The block plan shall also show the block numbers. No. of floors and activity at each floor.
- b. It may becomes necessary in case of insistence buy the Factory Inspectors to prepare plans of each block of the mill units as per the requirements of the Factory Inspectors.

11. PAYMENT OF THE PROFESSIONAL CHARGES

- a. 50% of the payment will be released within 15 days after submission of the report to the office of the factory inspector or after getting approved plan and report from office of Factory Inspector.
- b. 30% of the payment will be released after 6 months of the submission of the report or after getting approved plan and report from office of Factory Inspector.
- c. Balance 20% will be released in four equal installments of 5% on the each successive year for the next five years.
