CORRIGENDUM NOTE

Date:09.06.2025

SUBJECT: cancellation of tender for e-AUCTION SALE, Sales of Cotton Bales available in different Mills

We have floated the tender for the sale of cotton Bales available in various NTC Mills through MSTC, and the same was published on the MSTC portal, CPPP and our NTC website on 02.06.2025.

Subsequently, we received a communication from MSTC on 03.06.2025, highlighting a procedural requirement for conducting the e-auction. MSTC has informed that as per their new procedure it is now mandatory for the seller to be registered on the MSTC portal with a state wise specific GST number, corresponding to the location of the items being listed for e-auction. As a result, the sale of items located in different states requires separate seller registrations for each respective state GST number and tender can be floated state wise only. As per the new directions via mail of MSTC, SRO has generated state wise specific GST seller registration numbers. (Copy attached)

Accordingly, we are going to split the tender state-wise and submit the same to MSTC. Further in view of the current situation, **it has been decided by committee to cancel the existing tender and float the new tender** as suggested by MSTC. i.e. State wise separate tenders.

Please treat this tender as canceled for technical issue.

Proposal put up for approval.
